**Breakfast:** 7:00 - 10:30 a.m.

## Agricultural Company & Products

The jams, juices and ground-to-table extra virgin olive oil, produced by the Agrivar company, owned by the Resort, as well as products from our selection such as tea, chocolate and honey can be purchased and become an attractive option for corporate gifts.

## Our Commitment to You

In order to guarantee social distancing in meetings and corporate events, we have reduced the capacity of the conference center by 1/3, to accommodate our guests in complete safety. Temperature detectors and sanitizing gel dispensers columns have been installed in the conference areas of the structure, as well as in the restaurants and Reception.

In addition to meticulous cleaning with particular attention to all items that are touched in the room, a thorough sanitization is performed before each arrival with the nebulization of quaternary ammonium salts certified by a guarantee sticker affixed to the door.
