## AGRIVAR FARM

Our farm was founded in 2015 to devote itself to the cultivation of olives and vines: its aim is to spread the experience and values linked to the territory native products of very high quality. Palazzo di Varignana, thanks to its own farm, has the privilege of being able to offer guests different farm-to-table products, creating a real circular model in which the lands of the resort produce most of the foods used in the three restaurants.

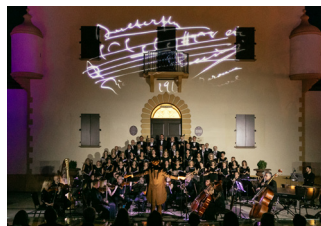

## EXPERIENCES

### WINE AND OIL TASTINGS

Agrivar, the farm of Palazzo di Varignana, opens the door of its wine cellar to the clients. Taste our wines and oils in a panoramic location accompanied by local food products.

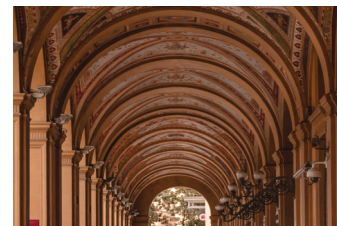

### VARIGNANA MUSIC FESTIVAL

The Varignana Music Festival is a summer classical-music event that each year welcomes some of the most acclaimed international musicians in a series of stimulating concerts. Developed together with the Musica Insieme Foundation, the Festival's refined programme has an original format: at the end of every concert, a dinner with the artists extends the audience's contact with the performers beyond the stage.

### SPORTS

Palazzo di Varignana is the perfect place to find the perfect shape, or simply enjoy your outdoor vacation. At your disposal: gym, tennis, squash, basket and paddle court. For those who love walking, we created an app with many tours around the resort. The Resort currently features an 8-hole putting green, perfect for beginners wishing to train their short shot. A new driving range will be available from September 2021.

### BOLOGNA

Nominated UNESCO Heritage, the Porticoes of Bologna are the perfect place to lose yourself in the innumerable alleys of the historical centre of Bologna. You will discover local tavernas and deli shops at every corner. Enjoy the Towers, Piazza Maggiore and S.Luca Basil. Not to miss, just a few km away, the motor valley.
